Q's

How do I feel about creativity now?

What's now possible if I fully believed this?

What's one thing getting in the way?

What am I willing to do, one small thing,
to create a change about this?

Ask yourSELF - Ask your body

1

Nature

What did I naturally love to explore, express, and find my flow in as a kid?

2

Beliefs

Have I taken in stories in my family and society about what being creative means?

3

Experience

How do I relate to what being creative asks of me, to what doing creativity requires of me?

4

Expectations

What's my go to story about what I should do to be creative?

5

Value

How would I answer the question "to succeed in my passions or dreams I must ..." ?
